Mediator / Arbitrator / Litigation Attorney

Professional Summary / Qualifications

Frank D. Saviñón, Jr., Esq. is a senior litigation attorney, trained mediator, and dispute-resolution professional with nearly two decades of experience handling complex, high-exposure civil matters. He has practiced on both sides of the “v.” — representing plaintiffs in personal injury and wrongful death actions, and defending healthcare providers, insurers, businesses, and individuals in professional liability, catastrophic injury, long-term care, medical malpractice, product liability, premises liability, and related negligence cases.

In addition to trial practice, Mr. Saviñón has served in executive-level litigation leadership within a multi-state healthcare organization, overseeing enterprise-wide professional and general liability portfolios and advising senior leadership on exposure evaluation, regulatory-sensitive disputes, and resolution strategy. This blend of plaintiff advocacy, defense representation, and institutional oversight provides him with a comprehensive understanding of how claims are investigated, developed, valued, and resolved from all perspectives.

As a neutral, Mr. Saviñón approaches mediation and arbitration with disciplined preparation, structured analysis, and practical judgment. He combines principled neutrality with compassion, patience, and attentive listening—maintaining an even, steady presence while recognizing the personal and financial weight disputes often carry. His goal is to create a respectful, balanced environment in which parties and counsel can engage candidly, evaluate risk realistically, and work toward durable, informed resolution.

He mediates and arbitrates a broad spectrum of complex civil disputes, including healthcare matters involving long-term care, skilled nursing, assisted living, and post-acute providers; trucking and motor vehicle litigation; premises and product liability; professional negligence; and other high-exposure tort and commercial disputes.

Mr. Saviñón has been appointed to serve as Treasurer of the Kentucky Bar Association – Alternative Dispute Resolution (ADR) Section for the 2026–2028 term.

Admitted in Kentucky and New York, Mr. Saviñón received his Juris Doctor from Syracuse University College of Law and completed formal mediator training at Northwestern University.
